## **Feed backs from the participants**

1. About Moreh College  
Almost all visitors comments that Moreh college Infrastructure, location, Departmental building, washrooms, canteen and area of its compounds satisfactory. College is developing very soon beyond the expectation. It has a chance to open the Institution even in International University standard as it is very closed with South East Asian Countries.
2. Travelling Experience  
The distance between Imphal and Moreh is about 109 km. it feels long and winding, yet adventure, good experience, it is quite comfortable, pleased to travel as it has located at the Border town of Manipur.
3. Seminar  
The Seminar was nice, well and good. It was well organized and different Research Scholars of different department have presenting their papers. Many participants comment to conduct more national and International Seminars in future.

*Sound system of the seminar is unsatisfactory*

4. Accommodation and Hospitality

All outside participants express that the fooding and lodging provided was excellent and satisfactory to them.

5. Any other

Some of the participants say "it will be very good if Moreh College can organize such Seminar in National and International level in near future.
