### ATTAINMENT OF POs & COs ASSESSMENT PROCESS

#### 2.6.1 Attainment of programme outcomes and course outcomes are evaluated by the institution

Attainment of Programme Outcomes & Course Outcomes are measured using various indicators throughout the semester of the academic year. The faculty records the performance of each student with the help of the specified course outcomes through a continuous evaluation process. The faculty provides home assignments to students, conducts internal tests, viva voce, surprise tests, open book tests, quiz, projects etc. in order to assess the Programme Outcomes and Course outcomes attained by each student. Some of the key indicators of measuring attainment are:

**1. End Semester University Examination:** Being a constituent college of Manipur University, the students of Moreh College are required to take examinations as per the semester and annual pattern set by the university, through which the institution measures programme outcomes based on the course attainment level fixed by the programme.

**2. Internal Assessment:** The Internal Assessment constitutes 30% weightage of the total marks (100) in each subject. The students are given assignments which are designed in alignment with Programme Outcomes of the respective subject. Additionally, internal/class tests, quiz, viva etc. are conducted repeatedly in a semester to judge the performance of students on a regular basis.

**3. Practical Assessment/ External Assessment:** It is evaluated by inviting external experts appointed by the university to evaluate each student by conducting Practical examinations, and taking Viva-Voce and evaluating the practical files.

**4. Result Analysis:** At the end of each semester, result analysis of each course is carried out through a method of counselling and interaction programme. This is an effective indicator in order to evaluate the level of attainment of POs & COs as specified by the university.
